SKIN, NAIL AND HAIR CARE AREA

what is the use of the product?

The beauty of the skin, hair and nails is that you can affect it from both inside and out. Many people, in fact, choose to take vitamin and mineral supplements to rejuvenate skin and to strengthen hair and nails.

skin

effects

food supplements composed of bioactive collagen peptides, vitamins and mineral salts

1. useful to promote normal collagen formation for the normal skin function
2. contributes to the protection of cells from oxidative stress
3. rapidly absorbed partially in intact form in the target organs with stimulatory and regulatory effect in the skin
4. scientifically proven to stimulate growth of connective tissue, collagen and proteoglycans synthesis
5. reduce wrinkles
6. increase skin elasticity.

typical composition

Collagen peptides, hyaluronic acid, mineral salts, vitamins.

formulation

Powder in sachets, tablets.

nail and hair

effects

food supplement with amino acids, vitamins and mineral salts

1. contributes to the maintenance of normal hairs and nails.

typical composition

Amino acids, mineral salts, vitamins.

formulation

Powder in sachets, tablets.
